

What went well?

What should we keep doing?
What should we celebrate?
Where did we make progress?

What went poorly?

Where did we have problems?
What was frustrating to us or others?
What held us back?

The wealth effect is likely to cause an increase in consumer spending.

A rise in the prices of construction material has forced prices up though.

Property prices in India are expected to increase 7.5% on a pan-India basis this year.

Mumbai remains the most unaffordable housing market in the country.

Housing shortage was a constant problem in India's cities.

Inadequate urban planning and infrastructure.

Analysing Housing Prices In Metropolitan Areas Of India.

Suburbs that have similar properties tend to have similar sales prices.

Collection of prices of new and resale houses located in the metropolitan areas of India.
